

Tyre Stack

Equipment

5 tyres numbered 1 to 5

3 posts

Check equipment against this at the start and end of your session and report anything missing or broken.

Leader requirements:

One competent person must take overall charge of the activity and ensure the equipment is in good order and used in a safe manner.

Guide to use of equipment:

Stack the tyres in order on one post with 1 at the top and 5 at the bottom. The challenge is to move the tyres to a different post and stack them in the same order with 1 at the top and 5 at the bottom. Only one tyre can be moved at a time and there must never be a higher numbered tyre on top of a lower number.

Guide to risk for your risk assessment:

Difficult to think of a risk if the game is played sensibly
